Kosher Letter

Please be advised that we have reviewed the ingredients our purchased manufactured resins, and evaluated them against Kosher requirements. The resins contain no animal fat and will comply with the acceptable guidelines of the Kosher dietary laws.

Products that are submitted for formal Kosher certification need not be made of ingredients that are Kosher certified, but merely those that meet the guidelines of the Kosher dietary laws. You should anticipate no difficulty in obtaining Kosher certification with the use of our purchased manufactured resins should you decide to pursue this course.

We cannot however be held responsible for any subsequent addition of, or contamination with, kosher-offending substances which may occur during shipment, receiving, or storage of your finished products

Versa Pak, Ltd. relies without further investigation or testing, on the certification of our suppliers that the raw materials we purchase from our suppliers comply with the above regulations.
